SUBJECT - Alterations in the Octroi taxation rules of the Shikaripur Town Municipality

---

In forwarding herewith the correspondence ending with Shikaripur Town Municipal President's report No M C 54/34 dated the 15th September 1936 on the above subject I have the honour to state that in the course of the inspection of the Municipal Office at Shikaripur during the year 1933-34 it was suggested that the Municipal Council should make an attempt to increase its revenue by the imposition of octroi on untaxed items and enhancing the rate of levy on other items with the remarks that the Government had already turned down the water supply scheme on the ground that the finances of the Municipality were not good and that the Municipal Council had to be impressed on the importance of improving its financial position The matter was placed before the Council at its meeting held on the 27th January 1935 and it was thought by the Council inexpedient to enhance the rates or to introduce octroi on other items

2 It had also been observed by the undersigned that the Municipality was levying octroi on cloth at Rs 2/- per cent ad valore which was not in conformity with the rules being in excess of the maximum rate fixed in Schedule II of the Town Municipalities Regulation and the irregularity was pointed out to the Municipal Council for rectification The Municipal Council has accordingly propose

to

'Flag 'M'

to reduce the rate of octroi on cloth at 3 pies per rupee ad valorem to bring the levy into line with the prescribed rate and also to exempt hand spun and hand-woven khadi from the levy of octroi The proposal was published locally as also in the Mysore Gazette dated 6th August 1936 and there being no objection from the rate payers the Council has resolved at its meeting held on the 14th September 1936 that sanction of Government may be obtained to the adoption of the rate as also for the exemption of handspun khadi from the levy of octroi I request that sanction may in the circumstances be kindly accorded to the proposal

3 As regards the imposition of octroi on some other items and the enhancement of existing rates the President reports that proposals have been received from the Managing Committee and that necessary action will be taken after obtaining the approval of the Council thereto
